

United States Department of State

Washington, D.C. 20520

September 22, 2006

Boon Edam Tomsed, Inc.  
402 McKinney Parkway  
Lillington, NC 27546

Attention: Mr. Tom Devine

Dear Mr. Devine,

Based on the acquisition of Intertex Barriers and Booths, Inc and your most recent request, the Physical Security Division, Bureau of Diplomatic Security, U.S. Department of State will transfer existing anti-ram vehicle barrier certifications for Intertex to Boon Edam Tomsed, Inc. provided there are no modifications or material changes to the original designs previously owned and tested by Intertex.

The existing Department of State certifications to be transferred to Boon Edam Tomsed, Inc. are for the following barriers:

<u>MODEL</u>	<u>DOS CERTIFICATION</u>
Stinger	K12/L3
Magnum	K12/L3
Titan	K12/L3
Patriot	K12/L3
Mini-Magnum	K 8/L3
Defender	K 4/L2

The Boon Edam Tomsed, Inc. anti-ram vehicle barriers will be placed on the Department of State's list of certified equipment which is available for use by architects and planners. Your products still have to compete with other manufacturers who are certified and enter the bidding process. The Department of State cannot guarantee your product will be chosen by architects or planners in the design of our facilities.

We thank you for your continued interest and endeavors toward the protection of our personnel and facilities overseas.

Sincerely yours,

Deborah P. Glass  
Director  
Physical Security Division  
Bureau of Diplomatic Security

Transfer of certification from: Intertex Barriers and Booths, Inc.

Transfer of certification to: Boon Edam Tomsed, Inc.  
402 McKinney Parkway  
Lillington, NC 27546

Request based on Email submitted to Deborah Glass and confirmation by Don Moffett in 9/2006.
